Sir/Madam,

As you are aware, All India Council for Technical Education has been mandated under AICTE Act, 1987 to ensure maintenance of norms and standards with regard to technical education in the country. In exercise of this mandate, the Council insists on fulfillment of the requirements prescribed for imparting technical education by the institution so that quality of course is not compromised and stakeholders are satisfied. The Council also undertakes an annual inspection of the institutions and conveys deficiencies to them for rectification.

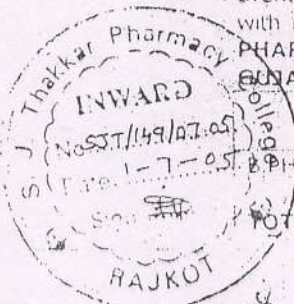

Such institutions suffer from critical deficiencies of faculty in proper cadre and qualification, experience and other requirements. Feed back of students with regard to quality of education imparted by such institutions has evoked grave concern. The Expert Committees, following holistic appraisal during inspections, have also pointed out severe shortcomings in key areas.

The institution was allowed to be established in the year 2004-05. The Inspection and Appraisal have revealed that adequate steps to provide the requisite infrastructure necessary for imparting quality technical education have not been taken. The institution has been found suffering from several deficiencies which are listed in Annexure-A for your perusal of which faculty shortage is the most critical.

The deficiencies particularly faculty shortage have evoked grave concern and rendered the institution liable for strict punitive action including being placed in no admission/reduced intake category. However the Council has decided that yet another last opportunity may be given to the institution to improve the situation as you are still a fledgling institution.

It has thus been decided to extend approval in respect of the institution for the year 2005-06 as indicated below, subject to rectification of deficiencies by end of August, 2005. The Council will monitor progress in this regard carefully and strictly and shall put your institution in admission/reduced intake category for the year 2006-07 without any further opportunity in event of your failure to comply with the aforementioned stipulations. The approved course with recommended intake for the year 2005-06 in respect of **SURYABEN JASHUBHAI THAKKAR PHARMACY COLLEGE**, OPP. NRI BUNGALOWS, KALAVAD ROAD MUNJAKA, RAJKOT - 360005 GUJARAT, is as under:-

The Council has decided to undertake inspections without any prior notice before extension of approval for the year 2005-07 anytime after August, 2005. A compliance report in respect of deficiencies listed in **Annexure-A** must be sent to the Council with a copy to the concerned Regional office before 31st August, 2005 in the absence whereof extension of approval for the year 2006-07 may not be considered.

The Compliance Report to be submitted to the Council by 31st August, 2005 should be accompanied with a **visiting/processing fee** as prescribed by the Council in the form of demand draft in favour of the Member Secretary, AICTE payable at New Delhi.
